## SCHOOL DANCE TOMORROW NIGHT

### NINE ARE ELECTED TO PHI BETA KAPPA

At the College Assembly on Jan. 12th, new members of the Kenyon chapter of Phi Beta Kappa were announced by Dr. Franklin Miller, Jr., secretary of the local chapter. Newly elected members are Robert A. Bennet, Jr., Robert G. Busacker, Gordon M. Greenblatt, Morgan W. Guenther, James G. Kennedy, Melvin L. Plotinsky, David Ryeburn, Ronald Sanders and Gerald S. Weintraub.

### ALUMNUS WINS NEW HONOR

CINCINNATI, OHIO — Robert Lowell, distinguished New England poet and 1947 Pulitzer poetry prize winner now at the State University of Iowa, Iowa City, was announced as 1954 George Elliston Poetry Foundation visiting lecturer at the University of Cincinnati.

Lowell, at 36, is one of the country's most noted poets. He is a 1940 Phi Beta Kappa "summa cum laude" graduate of Kenyon College, Gambier, Ohio.

A native of Boston, Mass., which he still considers his permanent home, Lowell attended St. Mark's School and Harvard University, then transferred to Kenyon. He has carried on postgraduate work at Louisiana State University.

In recent years, in addition to his post at Iowa, he has been lecturer at Kenyon and the Salsburg, Austria, seminar on American studies along with lectures and readings at other institutions.

### Mathews Award Announced

The J. B. Matthews Testimonial Dinner Committee announces a cash award of \$500 for the best essay on "Communism and Academic Freedom," written by an undergraduate student of an American college or university.

Essays must be limited to two thousand words or less and submitted not later than March 1, 1954. All manuscripts must be typewritten. Only original essays will be considered.

Manuscripts should be mailed to the Matthews Award Editor, The American Mercury, 11 East 36th Street, New York 16, New York.

### ORGAN CONCERT GIVEN TONIGHT

Dr. Elmer Tidmarsh, organist and choral director, will visit Kenyon College for a public recital tonight at 8:00 P. M. in the Church of the Holy Spirit. Kenyon and Bexley students will be admitted free.

Dr. Tidmarsh has been director of music at Union College, Schenectady, for over twenty-five years. Under his leadership their Glee Club and Choir have attained national recognition. In addition, he leads choral societies in Albany, Schenectady, Poughkeepsie and Troy. His Sunday afternoon organ recitals, numbering over 700, have been carried to thousands of listeners each week by Station WGY.

After completing with honors the Guilman Organ School course under Dr. William C. Carl, Dr. Tidmarsh received the degree of Associate of the American Guild of Organists. He attended the School of Music at Fontainebleau and won the Conservatoire's highest award, the Exécuteur's Diploma.

### STAN SMITH TO PLAY FROM 9:30 - 12:30

Women from West to East wait anxiously by telephones, pace the floor, and on a rare occasion, faint in a swoon of wild ecstasy. Kinsey statistics

### PRE MED CLUB IS REVIVED

After a long period of dormancy, the Pre-Medical Club of Kenyon College has been reorganized this semester. The purpose of this group is as stated in its constitution, the enhancement of pre-medical study, the clarification of the scope of the profession in its many fields, and the facilitation of the attainment of this goal for the pre-medical student. These aims will be accomplished by the invitation of guest lecturers, field trips to various hospitals, and the showing of special movies and slides.

The Club is under the sponsorship of Dr. Charles Thornton of the Biology Department. Dues are one dollar per semester, and any Kenyon student who is interested may join.

The first formal meeting was held on January 11.

fast. Yes, Kenyon is having a dance. The date for this event is Saturday, January 16th. Fifty-million women wait, but "few are chosen." Give your favorite girl the thrill of a lifetime. Invite her to this gala affair!! If you haven't a date, you'll be missing an evening of delightful entertainment.

The evening should prove to be quite enjoyable. John Urnes, acting "program director," anticipates a fine turnout and a peppy crowd. Saturday night is an excellent time to relax before the battery of final semester exams which begins the following week.

There will probably be small gatherings on the Hill and in the freshman dorms before the dance. The band, under the leadership of Stan Smith, will open the Pierce Hall festivities at nine-thirty. Music will continue until Bonzo's Mickey Mouse watch reads twelve-thirty. At said time, couples will disperse to destinations unknown.

This will be the last dance of the semester.

### MAJOR HALL HONORED

President Gordon Chalmers presenting the Bronze Star Medal to Maj. Joseph F. Hall, commanding officer of the Air Force R.O.T.C. detachment at Kenyon at a college assembly on Jan. 5. Maj. Hall received the medal for meritorious service in connection with military operations against the enemy in Korea. Also present at the ceremony were Col. Paul A. Johnson, district liaison officer, and Lt. Col. Paul C. Kiefer, commanding officer of the R.O.T.C. unit of Ohio Wesleyan University, of which Kenyon, Otterbein, and Denison are sub-detachments.

### Campus Movies Listed for Feb.

The schedule of films to be shown at Rosse Hall during the next month has just been released. This Sunday offers the third film society program, featuring Ralph Ellison in "The Invisible Man." A short Czechoslovakian satire on American westerns entitled "Song of the Prairie" is also on the agenda.

On January 23 and 24, "Hangover Square," featuring Laird Cregar, forms the program. On February 12 and 13 there will be a nickelodeon movie show, with films starring Charlie Chaplin, Oliver Hardy, Marie Dressler, and the Keystone Kops. The fourteenth of the month will offer the fourth in the film society series — a comedy show with such pranksters as Harold Lloyd and Buster Keaton. On February 20 "Hasty Heart" is scheduled, with Ronald Reagan and Patricia Neal, and the next weekend there will be a special showing of the Alec Guinness film "The Man in the White Suit."

## Editor's Corner

In this issue two new features have been introduced, "The College Scene" and this column. These columns are both part of a larger program of changes we are instituting in the *Collegian* to ever improve it.

Both features are experimental. As far as we know, neither has ever been found in a Kenyon newspaper in the ninety-seven years one has been published. "The College Scene" is designed to give you a look into the activities of other schools throughout the country as they are reported in the various school newspapers received by the *Collegian*. These papers, by the way, are on file in the *Collegian* office. If anyone is interested in any other college, he is welcome to browse through the paper sent to us.

This column is designed to answer any letters received and to set forth the *Collegian's* comments on any happenings at Kenyon which we feel deserve the student body's consideration. We will publish any letter we receive pertinent to issues discussed or reported in the *Collegian*.

Many students ask me, "When's the next issue of the *Collegian* coming out?" Others, after an issue has just been printed, ask why some news items or other was not published.

In answer to the first question, here is the complete list of publishing dates recently revised for the remainder of the academic year; February 12 and 26; March 12 and 26; April 16, and 30; May 7 and 21. The May 7 paper will be a special Dance Week-end issue.

In answer to the second question, a news item's publishing worth is determined by the editor on the basis of interest and applicability to the college as a whole and the timeliness of the news.

There are times, however, when news that should be published is not, simply because we on the *Collegian* are unaware of its existence. For this, the student body and the *Collegian* staff are equally at fault. We on the *Collegian* staff are responsible to the student body to publish the news at Kenyon in the best possible manner. I would like to remind the student body, however, that to do our job in the most effective way, we need the co-operation of everyone. If you, as a member of the student body, know of any news about anything pertaining to Kenyon that you think should be printed, let someone on the staff know about it, or drop in or call the *Collegian* office in the basement of Ascension Hall any week-day between 1:30 and 3:30.

Only with everyone's help, whether it be constructive criticism or a tip on a story, can we give you the type of newspaper you want.

LETTERS TO  
THE EDITOR

Dear sir:

Singing at Kenyon is a time-honored tradition. The singing "down path" after fraternity meetings on Tuesday nights, and after Sunday noon dinner at Peirce Hall are an integral part of life here. The Interfraternity Singing Contest each spring is considered by many as one of the highlights of the season.

As Dr. Schwartz has often said, "Sometimes the singing is good, sometimes it's not." Traditionally, however, it has been taken with seriousness and a genuine effort made to sing well.

Last Sunday, however, I was amazed by the frivolous attitude displayed by members of the student body towards this tradition. Instead of seeing and hearing students genuinely trying to co-operate with the Betas, as they started the traditional songs, many students laughingly tried to speed up a song or slow it down. Others paid no attention to the singing at all. The result was a loud NOISE, not music, hardly something to be proud of.

Part of the blame, I know, lies with the song leaders themselves. They started the first song too high and got to laughing about it themselves. Few people take something seriously if the leaders do not themselves.

I cannot stop bad singing or say that from now on only those men who can read music should sing. But, I do certainly urge that the student body take this singing tradition more seriously at Sunday dinner.

This can be done by first of all having the song leaders start the songs at an easy-to-sing pitch. Secondly, it can be improved by the student body co-operating with the leaders in their efforts.

Traditions are meaningless if they are warped until no longer respected. I feel that singing is one of the fine traditions at Kenyon and should be continued, if taken seriously and done right.

If we do continue this fine tradition, however, let's do it RIGHT, or not at all.

Sincerely,  
 Disgusted

## In Our Opinion

## VIRGINIA TURNS DOWN SFA

An article, "Vigilante Charge Embroils Campus," carried in the December 20 *Washington Post* deserves here, we think, special notice and comment because its subject should concern every liberal arts college.

According to the article, and it has been our source of information, a certain west coast student's organization, Students For America (SFA), applied for a charter to the student council at the University of Virginia. The organization was described by its followers as "the students answer to the Marxist challenge," and further went on to charge that there existed 400-odd Communist-front organizations with "only the SFA to combat them."

The leader of the movement, son of conservative radio commentator Fulton Lewis Jr., presented a copy of the SFA handbook, Student's Answer to the Marxist Challenge and a copy of the SFA publication, *American Student*, to the council. In the handbook there was found the following information: "How to Identify a Communist Front; Pink Professors; Left Wing Literature; Phony Peace Drives; Communist Smear Techniques; The Anti-Anti-Communist Hysteria; How to Influence Student Government; How to Influence Student Newspapers." The *Post* article points out that the handbook instructs its members on the catching of pink professors: "... members are urged to take notes and have notes verified by a fellow member. When the information has been compiled, it should be sent to both national headquarters and regional vice director for suggestions or instructions as to the appropriate course of action. For obvious reasons, we cannot be more specific in this handbook. However, you may rest assured that many possibilities of appropriate action are always available, depending on the particular situation involved!"

The organization stands for "the Constitution, religious freedom, free enterprise, a strong foreign policy, and economy," while opposing "socialistic expansion, appeasement, immorality in government, subversive elements and waste in government."

The Student Council turned down the constitution of the SFA because "to allow such an organization to use the university's name would not be in the best interest of the school, or in accord with the traditions upon which it (UofV) was founded." Following this decision the *Cavalier Daily* carried an editorial entitled "Kindergarten Ku Klux Klan" which said, among other things, that "These first-year men (backers of SFA) take it upon themselves to determine who is and who is not 'un-American' through their own junior-grade McCarthyism." Following the receipt of a letter supporting SFA another editorial was printed with the letter. The editorial, "Students For America vs. Individual Liberty," listed the paper's objection to SFA. The first being that the SFA constitution "contained nothing related to the election of officers or their tenure of office." Further "We would not even insinuate that the Students For America is no more than a puppet political front. In the *American Student* ... appear these statements: 'Students' contributions don't even pay for postage upon literature mail ... SFA has printed as many as 100,000 pieces of literature in a single month.' We would ask who finances the Organization? And why? Students For America has admittedly been accused as a 'Fascist organization.' They (the writers of the SFA handbook) counter these charges with the statement that communism is nothing more than 'Red fascism.' We could suggest that perhaps the SFA is nothing more than Red, White and Blue fascism. We fear that Students For America would foster a local policy of 'smear and be damned' — for its spokesman had admitted that he believes in the policy of guilt by association, and we cannot reconcile the haphazard accusation that must result from such a policy with the ideal of the university we have come to cherish."

In reply, its leader stated that the "SFA is partly supported by membership fees and that it also receives fees paid the officers making speeches." He told the writer of the *Post* article that "he thought the Student Council and the *Cavalier Daily* had treated SFA unfairly, but that he hoped to make changes in the national organization which would make SFA more acceptable at Virginia. He also thought the national officers should be elected, not appointed and that he thought Marxism and socialism are economic beliefs and persons are entitled to those beliefs. Communism, he said, is the real threat to America." He sees SFA "as an educational organization which will teach students to identify Communist and Communist ideas."

These facts should be carefully considered for they show that not only communists but extremists on both sides can destroy free and liberal education. Congratulations to the *Cavalier Daily* for its stand; and to the *Virginia Student*

# GOV'T OFFERS TRAINING

## Apathy?

THEY SANG THAT DAMN "JUNGLE TOWN" AGAIN!

## MANY CHANCES OFFERED FOR OVERSEAS STUDY

American college students who desire to obtain at least part of their under-graduate education in foreign countries now are offered excellent opportunities to do such through the kindness of the University of Oslo in Norway and the University of Munich in Germany.

The former institution sponsors a summer school for American students, with the session lasting from July 3 to August 14, 1954. All classes will be conducted in English.

Students may choose courses in the following fields: a. General Survey of Norwegian Culture; b. The Humanities; c. Social Studies; and d. Education System of Norway. A limited number of scholarships are available for the summer school. For catalogue of courses, preliminary application material, or any further information, write: Oslo Summer School Admissions Office, c/o St. Olaf College, Northfield, Minnesota.

## Dr. Koo Speaks At Jan. 12 Assembly

"America's greatest contribution in life today is making democracy 100% effective in this continent," stated Dr. T. Z. Koo in his speech before the all-college assembly last Tuesday.

Dr. Koo added interest to his appearance by appearing in typical Chinese garb, with only his American shoes betraying the fact that he has been teaching in America since 1946.

Wayne University in Detroit, with the cooperation of the University of Munich, offers a "Junior Year in Munich" program, with work in German Language and Literature, Art, History, Philosophy, Political Science, Music, and the Natural Sciences. It is open to students who have completed their sophomore year in college with two years of German or the equivalent, and whose home school approves the student's course of study. The expenses are broken down thusly: School fees, \$600; room and board, minimum about \$750; transportation; about \$450. Bulletins and application forms may be obtained from the "Junior Year in Munich," Wayne University, Detroit 1, Michigan. For additional information, write the Director, "Junior Year in Munich," Amalienstr. 54/o/iks., Munich 18, Germany.

## Registration Set For Feb. 8

The Registrar's office has sent out a reminder that the second semester will begin February 9, at 8:30 A. M. Registration is set for Monday, February 8, from 9:00 to 11:30 A. M. and from 1:00 to 3:30 P. M.

The penalty for late registration is, as always, \$10 for the first absence in each course and \$5 for each consecutive absence thereafter. In a seminar course, the penalty is \$15 for missing the first meeting.

## SUMMER JOBS INCLUDED

Students in the fields of engineering and the physical sciences may be interested in the Student Aid Trainee examination which has been announced by the U. S. Civil Service Commission for filling positions in various establishments of the Potomac River Naval Command in Washington, D. C., and vicinity. These positions, which pay from \$2,750 to 3,175 a year, are for employment during the school vacation periods and during the periods for employment of students in cooperative courses.

To qualify, applicants must pass a written test and have completed courses of study in an appropriate field.

Applications will be accepted until further notice and must be filed with the Board of U. S. Civil Service Examiners for Scientific and Technical Personnel of the Potomac River Naval Command, Building 37, Naval Research Laboratory, Washington 25, D. C. Application forms may be obtained from the Dean's Office, from most post offices, or direct from the U. S. Civil Service Commission, Washington 25, D. C.

## WKCO RELEASES DAILY SCHEDULE

Radio station WKCO 580 k.c., announces the following broadcast schedule. These hours are not final, and anyone wishing to have his own show, either in the afternoon or evening, should contact the Program Director, Melvin Plotinsky.

Saturday: 2 P. M., Metropolitan Opera.

Sunday: 2:30 P. M., New York Philharmonic Symphony Orchestra.

Weekdays: 7 - 9 P. M., Popular music and special features. 9 - 11 P. M., Symphony Hall. 11 - 12 P. M., on Tuesdays and Thursdays, popular music.

## The College Scene

A recent blood drive at Akron University resulted in a total of 43 persons willing to part with a pint. Although A. U. enrollment is about four times as large as Kenyon's, last year we bled to the total of 150 pints. Lets hope we can do as well this year.

Every Co-ed school has its problems. Says the same Akron U. paper, "Red light need cited in letter answering city." Steady men, its a traffic problem.

Japan must really be jumping. According to an article in the Mita Compass, published by Keio U. "The one, who watches carefully the young generation of Japan, especially students, can easily notice that a greater part of them are absorbed in "Jazz." It is said, as a matter of fact, that almost eighty per cent of the audience of every "Jazz Concert" are students who are whistling, clapping, shouting, and doing other things to enjoy themselves." Great going all you cats, but watch out for the Creep.

From the Antioch College Record — The first message conveyed over a telephone by a human voice was, "Mr. Watson, come here. I want you." Hmm! How Interesting!

Here at Kenyon we here a lot of complaints about the food. It would seem other schools have the same problem as witnessed by a student at Antioch who wrote to that paper, "At what other non-state-supported school can one get the same choice of food at such moderate prices?" He added, "It's about time that we either come through with some concrete, workable suggestions, or just plain shut up." How about that?

It would seem that "panty raids" are being replaced, at least that would appear to be the case at Antioch. Earlier this year a group of men raided one of the girl's dorms and walked away with the john-seats, which they then hung from the towers of the main building. What next?

Ashland's Collegian recently asked, "Would you like to see more current events in the Collegian?" Among the many answers which they received, a few were notable. "No, they should start a Howdy Doody Comic strip instead" and "I would like to see something in the paper that has some bearing on our classes." Both of those remarks were from co-eds, by the way.

Attention Peeps! From that same paper, "Wanted — Ping pong matches for Jeanette Whitmore. If interested contact her manager, Mubylakimbo, immediately." This could develop into a new inter-collegiate sport.

Someone with a great imagination might be able to initiate a Kenyon contest which would compare to contests at co-ed and male schools such as Case Tech's election of "Miss Campus Chest" or Miami's "Miss Watermelon Bust." Rumor has it, incidentally, that Miss Watermelon Bust was here Fall Dance Weekend.

Depauw has printed a variation on the theme heard around some divisions at Kenyon. They say "He's not only a brother, he's also a friend."

Since WMVO has gone AM, a lot more students catch the afternoon disc-jockey show and by now are quite "cool." For them I offer the following incident from Fenn's paper.

"Two cool Cats were looking out the porthole of the Queen Elizabeth into a very rough and foamy sea. "Here, Joe," volunteered one cool boy, "Dig that crazy Bendix!"

The Harvard Crimson Classified Section recently carried a real buy — a tuxedo size 36. Good condition. No tears. No liquor stains. Anyone interested call TR 6 - 8397. That's Boston, of course, but then, a bargain is a bargain.

An article in P.C.W.'s Arrow began, "Just think ladies, No Saturday classes next year. Won't it be wonderful to have a morning other than Sunday to sleep, go shopping, play bridge (Ah! nothing like bridge before breakfast), or just loaf, which is what most of us will be doing anyhow." No fellas, you can't transfer.

# ELIGIBILITY KEY TO MERMEN'S SUCCESS

## LORDS DEFEAT CASE, FENN

The Kenyon mermen got off to a flying start this year by splashing their way to easy victories in dual meets with Case Tech and Fenn College of Cleveland. Enthusiastic bunches of partisan rooters filled the Shaffer balcony on the appointed Saturdays and watched the Lords, led by some old warhorses and some new colts, as they broke several pool and varsity records. These results more than compensated for the extraordinary humidity in the Upper Gallery, which dampened the Kenyonites' shirts, though not their spirits.

On December 12, the Lords trounced Case 53-31. Two varsity records and one pool record were set during the meet. FitzSimons set a pool record of 2:17.6 for the 220 yd. free style. The 200 yd. back stroke varsity record was broken by Stan Krok with a time of 2:28.4. The 400 yd. free style relay team of Kurrus, Halverstadt, Eastman, and FitzSimons set the other varsity record with a time of 3:45.1.

Despite the loss of several key freshmen, the Lords walked away with an easy 48½-35½ victory over Fenn last Saturday. The Lords took first in every event but three. The 440 yd. free style relay team won the event, but was not entered officially. Stan Krok broke his own varsity record for the 200 yd. backstroke, while Ted FitzSimons tied the pool record for the 100 yd. free style event.

**3000 yd. medley relay** — Kenyon's Krok (back), Campbell (breast), Ewing (free), first; Fenn's Schultz, Wagner, and Fontecchio, second. Time 3:25.8.

**220 yd. free style** — Eastman (K), first; Thompson (F), second; Smith (K), third. Time 2:23.8.

**50 yd. free style** — FitzSimons (K), first; Berndt (F), second; Bellin (K) and Kirk (F), third. Time 0:24.5.

**150 yd. individual medley** — Payton (K), first; Price (K), second; Snedeker (F), third. Time 1:48.2.

**Fancy Diving** — Hahn (F), first; Kleinschmitt (F), second; Roloson (K), third. Score: 140.5.

**100 yd. free style** — FitzSimons (K), first; Ewing (K), second; Thompson (F), third. Time: 0:53.3 (ties pool record.)

**200 yd. backstroke** — Krok (K), first; Payton (K), second; Schultz (F), third. Time 2:24.8. (broke varsity record.)

**200 yd. breast stroke** — Wagner (F), first; Hertrick (F), second; Price (K), third. Time 3:02.6. (Campbell disqualified.)

**440 yd. free style** — Eastman (K), first; Thompson (F), second; Smith (K), third. Time: 5:14.2.

**400 yd. free style relay** — Kenyon's FitzSimons, Ewing, Krok, and Eastman finished first—but this counted only as an exhibition—the points were given to Fenn.

The swimming meet between Kenyon and Wooster on the 16th of December was postponed because of excessive illness on the Wooster squad. It has been re-scheduled for tomorrow, January 16th, and will be held at Wooster.

## Opponents Beware!

Pictured from left to right: Barry Campbell, breast stroke; Captain Al Eastman, free style; Stan Krok, back stroke; Coach Bob Bartels; Skip Kurrus, free style; Ted FitzSimons, free style; (swimming) Henry Price, breast stroke.

## LORDS REVEAL NEW OFFENSE BUT FAIL TO STOP MARIETTA

### KENYON DROPS THREE BEFORE CHRISTMAS

Kenyon basketball took an abrupt turn for the worse in the final three encounters before Christmas vacation. The Lords were downed by Hiram, 84-76; Denison, 84-56; and Mount Union, 70-53.

Journeying to Hiram, the Lords ran into a spirited home team which was definitely "on" in the first half. Kenyon trailed at halftime, 44-35. Although the Lords fought back in the final quarter, scoring 27 points to their opponents 21, they could not overcome the first half deficit. Pete Keys sparked the Kenyon attack with 19 points, while Roland Webb and Bill Lowry contributed 14 and 13 markers respectively.

At Granville the Lords were victims of a tall Denison squad and a poor third quarter, in which they tallied only 8 points. Frank Gingerich led the losers with 14 points, the lone Kenyon man to score over 9 points. The Big Red had four men in the two digit category.

The story of the Mount Union game was the second quarter, in which the Lords were outscored 19-3 after holding the visitors even in the first period. Gingerich with 12 points and Keys with 10 were the high scorers for Kenyon.

Last Saturday night at Marietta the Kenyon Lords were dumped 86-65 by a smooth working Marietta five, a team which is sure to be among the top ball clubs in the Ohio Conference this year. The Lords introduced a new offense, but the change was not enough to keep pace with the Pioneers as the home team controlled the game all the way.

Marietta started quickly and never let up. They jumped out to a 18-11 quarter lead and increased the margin to 38-24 at halftime. The last half saw the home five really turn on the steam and continue to outscore the Lords in every period. Kenyon began to click in the final two stanzas, also, but the Lords were never able to threaten the Pioneer's lead seriously.

Davis of Marietta, the top scorer in the Ohio Conference, poured in 28 points for the victors. Dan Bumstead and Pete Keys donated 14 points each for the Lords, with Bill Lowry netting 12 and Frank Gingerich 11.

"We'll be tough, yeah, if we get anybody eligible." So says swimming coach Bob Bartels concerning the prospects of the Lords for the remainder of the season; ineligibility of certain key swimmers such as Pinkham, Kurrus, and Halverstadt, along with diver Wirtz, has thinned the ranks enough to cause anxiety over depth for the meets ahead. This Saturday the Lords journey to Wooster for what could be a dangerously

## CAGERS AIM TO IMPROVE YEAR'S MARK

Opening tomorrow night at Wilmington, the Kenyon basketball team plays three games before the end of the first semester. Following the Wilmington game, the Lords travel to Columbus on the 20th to meet the Lutherans of Capital and then play host to Oberlin on the 23rd.

Although the Lords will be underdogs in all three contests, prospects for bettering their season's record look good. All three of their opponents have had losing records this year. In addition, Coach Skip Falkenstein's new offensive set-up may be able to do a great deal in stabilizing the Lords' erratic offense.

The Wilmington Quakers have won only one ball game this year, defeating Wright-

A change in the basketball schedule has been announced by Coach Skip Falkenstein. The Oberlin home game, originally scheduled for Friday, January 22, has been moved to Saturday, January 23, due to final examination conflicts. The sports calendar for the year lists this game on the 22nd and is in error.

Patterson Field last week. An interesting sidelight concerning the game is the fact that Pete Keys will be playing against an ex-teammate from high school, Dan Simpson. Simpson is a big gun in the Wilmington offense this year, so an interesting duel may develop.

Capital also has suffered a losing season thus far, but they will nevertheless be favored. The Caps have three returning starters this year, led by Bob Bernlohr, the younger of the famous brother combination.

Oberlin lost heavily by graduation, losing all but one of last year's starting five. The Yoemen have had a rather poor season, losing four out of their first six starts.

close contest. Besides the absent swimmers, the Kenyonites will have to contend with an unorthodox 50 ft. pool, which is bound to hamper their efforts. On the following Wednesday the Lords will meet another strong foe when they swim at Bowling Green. The squad is not expected to gain much strength in personnel by then, but it is hoped that they will be able to re-increase their numbers as the second semester gets under way.

The picture for the season, however, is by no means as gloomy as might be supposed. Individual members of the team are making great improvement, and this alone may be enough to sustain the Lord's winning streak until the ineligible return to the fold. The diving is certainly expected to improve; the Kenyon divers just had a bad day during the Fenn meet, and have shown much better in recent practices. Some more points may soon be picked up in the breast stroke events, hopes there resting on Barry Campbell, who is progressing well. Pinkham was showing promise before his ineligibility, as was Kurrus, who seems to become noticeably faster every day.

Back stroke events are among those that Coach Bartels seldom worries about, with freshman Krok and Payton churning the water with more speed at every practice session. FitzSimons, too, is cutting valuable seconds off his times, and may eventually be in contention for national honors in the middle-distance free-style events. Captain Al Eastman, last year's champion of the Ohio Conference and Central Collegiate Meets in the 220 and 440 free style, will be depended upon to bring needed points in the 440 this season.

(Continued on page 5)

## FIVE SOCCERMEN NAMED TO ALL-MIDWEST TEAM

Five members of the Kenyon soccer team have received recognition on the All-Midwest Soccer team this year. The appearance of Kenyon men on this team has become quite common in recent years, evidence of the fact that the Lords are ranked as one of the soccer powers of this area.

Goalie Will Ferguson, named on last year's All-American squad, repeated as first team goalie of the All-Midwest team. Freshman forward Charley Opdyke was named to the second team. In addition, Toookie Cole, Butch Aulenbach, and Jules Kluger received honorable mention. The former two were co-captains of the team this year.

## STYERS REVIVES WRESTLING TEAM

By Bob Hudec

Wrestling has returned to Kenyon. After the Old Kenyon Fire of 1949, wrestling was discontinued (as an intercollegiate sport, that is!)

Now, one may hear the standard grunts and groans emanating from the handball court in the basement of Rosse Hall. Led by Coach Roy Styers, the matmen have scheduled three meets this year, and plan to send representatives to the Case Interstate Conference Championships in Cleveland this March. Interest in the team is growing rapidly, and prospects for a successful continuance of the sport look extremely good.

Several men with previous wrestling experience have reported for practice and will probably form the nucleus of the team. In addition, a few new recruits have come out and, according to Styers, are learning fast. At present, the chief need of the team is more wrestlers to complete the weight classes and to provide inter-team competition.

Meets have been scheduled with Akron, Ohio Wesleyan, and Oberlin. The wrestling team will not be leaping into superior competition immediately, for this is the first year of inter-collegiate wrestling for each of their opponents also. Styers plans to select the most outstanding of his wrestlers and send them to Cleveland in March, where they will meet some of the nation's finest collegiate wrestlers.

Roy Styers is no stranger to the wrestling game. He wrestled professionally for twelve years, starting his career in 1916. Not to be confused with Channel 6 "rasslin," the sport in that era was legitimate, and often brutal. Roy regards himself as lucky in never having been seriously injured during his days in the ring. (Incidentally, Roy classes not being able to move his arm for eight weeks as a minor bruise.)

Not satisfied with a verbal description of past wrestling techniques, your reporter thereupon found himself being vigorously demonstrated upon by the compliant Mr. Styers. Ouch!

Roy regards TV "rasslin" as interesting to watch, and occasionally finds good wrestling among the many groans and grimaces. Collegiate wrestling, he says, is rapidly growing popular as a national sport, largely due to the influence of television upon the youngsters.

## MATHEMATICS FILIBUSTER

From hyperbolas, parabolas and pythagorian tricks  
To simultaneous equations — coordinates transfixed.  
Verticle is verticle; not non-verticle; nil!  
An ellipse is fixed — an analytic pill.

From perpendicular intercept to horizontal planes  
To symmetric segments and thirteen-letter names.  
From integrals, derivatives and logarithmic piles  
To complexities and rationals; infinite 'x' for miles.

From sines to secants and circular degrees  
To cosines, cosecants, cotangants, co-cheese.  
A radian, Dan? No a pi Papa.  
And what do we get? A transitive bra.

With reflexive reflexes, I pant and I sweat,  
My Octagonal brain, as a postulate, is wet.  
And so with hexagons, pentagons and such  
I end with my theorem: I'd rather speak Dutch!

## Virginia Turns Down SFA

(Continued from page 2)

council, in turning down SFA, not for its ideas, but rather for the means used to achieve these ends. Ends which, we might add, remind us uncomfortably of the methods of 1939 and 1953 to undermine civil rights.

But we should not forget, as this SFA group apparently has, that we must permit open discussion on any subject, no matter how abhorrent to us. If COMMUNISTS or FASCISTS can still speak, their noise proves us free; because a McCarthy or SFA can speak and can be rejected proves that we still have our freedoms. It is a tragic paradox that such organizations as the SFA which seek to protect us cannot use the essential components of liberty, freedom of speech and thought, in their fight. Instead they must resort to the very tactics which they ostensibly oppose. And too, it seems that the SFA or any like-minded group should direct their fight not against confused left-wingers but toward a reaffirmation of those principals which we call America.

Let's leave spy-hunting to those that know what they are doing.

H. S.

Playing undoubtedly their finest game of the season, the Kenyon Lords upset the highly favored Wooster Scots Wednesday night by a score of 58-55. The Lords took an early lead in the free-scoring first quarter and forced the visiting Scots to play their type of game for the remaining three periods.

The ball game was a tight affair all the way as Wooster doggedly plugged away against a fine Kenyon defense. At the start of the fourth quarter the Scots poured in four quick buckets to narrow the Lord's lead to 55-53 with seven minutes left to play.

## Future Bright For Swimmers

(Continued from page 4)

Among the tough meets in the not-so-distant future, those with Ohio Wesleyan and an arch-rival, Oberlin, stand out. Wesleyan has a veteran team back this year, but are getting no help from freshmen. Here the Lords have an obvious advantage. Oberlin is also strong and should provide rough competition.

The team will travel to Columbus one weekend soon, to hold a practice meet with the Ohio State University freshmen. The Lords will not participate in the big NCAA meet in the spring, as has been rumored, because freshmen, so necessary to Kenyon's success, are not permitted to take part. There is a chance, however, that the Lords will go to the A.A.U. tourney in April and there possibly achieve some well-deserved national recognition.

## Organ Concert Set for 8:00

(Continued from page 1)

In 1936, Dr. Tidmarsh received the award of Officer of the Palms by the French Academy for his active interest in French contemporary music. Union College conferred upon him the degree of Doctor of Music in 1933. Since the war he has resumed his duties as summer organist at the American Cathedral in Paris, and has substituted for the regular organist of the Notre Dame Cathedral on several occasions.

His tour, as arranged by the Association of American Colleges, will take Dr. Tidmarsh to other leading colleges in this area.

Dr. Tidmarsh will perform works of Bach, including the Toccata and Fugue in D Minor and the Passacaglia and Fugue in C Minor. He will also play works by Jean Langlais, Marcel Dupre, Seth Bingham and Firmin Swinnen.

Coach Skip Falkenstein then upset the Wooster applectart as he ordered his team into a freeze for the remainder of the game. Wooster made his strategy look bad for the moment when they stole the ball and knotted the score at 55-55. But the Lords bounced back with Dan Bumstead dropping in a free throw to put Kenyon back in front. Frank Gingerich iced the game by sinking two more charity tosses.

Freshman Ron Kendrick took scoring honors for the Lords with 14 points. Bumstead and Bill Lowry followed with 12 and 10 markers respectively. Voelkel of Wooster was high man for both teams with 17 points.

Kenyon jumped to an eight point lead in the first quarter as playmakers Lowry and Gingerich dribbled and passed rings around the Scots' defense. Wooster settled down in the second and third quarters, but could not solve the Kenyon defense and rebounding.

Coach Skip Falkenstein pointed to the Lords' eight point first quarter lead and said, "That's the story. After that first quarter they had to play our kind of ball game."

## Delta Kappa Epsilon

Bob Goulder and "Guts" were Cleveland's most attractive couple over vacation. Norm Schwenk wishes to remind everybody that drunk drivers go to jail. Paul Bartels received a velvet seat cover for Christmas, but the deep allegorical symbolism of this kind gesture is not too apparent. Maddock and his "Bobby Lane" will soon go to the army, so everybody in West Wing is very happy. Phil Currier "pinned" his beloved Janie over Christmas vacation. (Nothing like riding to Vermont for a date.)

## Alpha Delta Phi

Bonzo was the belle of the ball at a dance in Cleveland over the Yule season. Jim Vahey visited Barry Menez over Christmas. Saint is back, much to everybody's regret, but that's the way the ball bounces. Eugene Mio was "very happy to come" to Massillon, Ohio, over vacation, and Graybill agreed that it was "very nice" to see him. Goldberg and Mignon shot their wads in New York during the festive season, but Ostrander delivered ice and made lots of smash.

## Psi Upsilon

As thousands cheered, "Go back in!", Cameron Sanders came out at Cincinnati's poshest Christmas party. Word has been received in North Leonard that peripatetic Pete Sawada will visit Runyon soon. Charlie Polk, an adamant Germanophile, forcibly ejected a porcupine Franco-ophile from his auto on the road to Newark not long ago. Iota of Psi Upsilon wishes to retract its Christmas greeting printed in the last issue of the Collegian.

## Beta Theta Pi

Bob Camp read fifteen books over vacation and wrote a term paper. He also received a telephone call from Mount Vernon on New Year's Eve. The occupants of the Beta penthouse wish everybody a jolly new year. They also wish to compliment the members of Delta Tau Delta for the excellent tone of their radio and piano. These instruments have a particularly salubrious effect early in the morning.

## Delta Tau Delta

The Deltas celebrated Christmas with a party before vacation with an impromptu wrestling match for a floor show. A Santa, who embodied the spirit of Christmas, presented "Grub" Walsh with a new toothbrush and a bottle of air-wick. Back visiting Middle Leonard was Norm Nichol, who is transferring to Western Reserve from OSU. Pete Keys got pinned to a friend over the holidays, and Dick Evans celebrated his birthday New Year's Eve with a bottle for each year. Delt morale is high because the Chi chapter re-

ceived an award from the national headquarters for scholarship, and the Delt treasury is low because Bruce Richardson is the new treasurer.

## Sigma Pi

Somebody named Cahill is the new president of Sigma Pi, and somebody named Ivan the Terrible visited the Peeps recently. Don Marsh has been having husband trouble and Dick Eller underwent a minor operation at Mercy Hospital recently. Sigma Pi is planning on a Party before the dance, but it won't be as good as the party before Christmas. Marsh has spurned a Rhodes offer and has decided to play professional football. This has surprised many people in East Division, because they have

considered him a professional for years. Pascarella, after basking in Florida's sun for an extra week, finally returned.

## Phi Kappa Sigma

Staub, Tok, Yee Lund, Butch, and Gus met in New York for a slight reunion over the vacation; the Lake Erie girls received a royal send-off to Europe. Tok met Dave Heck '53 and Bob Stein '52 in Grand Central Station. Tok overheard the two speaking of chili and hot buns in Mansfield — Hmm! Must be from Kenyon! Gus got lost?

James Simonton endured the rigors of hell week. T. V. is still reigning supreme. Phi Kaps propose return to intramural football. Sherm Congdon borrowed a sombrero and

went to Caracas, Venezuela for the holidays.

## Delta Phi

The party of Jan. 9th was attended by several alumni and faculty. Moral victory is claimed over the Betas in intramural basketball. Brother Best was detained at a quaint motel on his way back to Gambier from Washington. Brother Kennedy was recently seen on Drury Lane with a certain bread baker. Lew Smith is currently living in the wine district of Germany writing for the Stars and Stripes. Mike (Bohemian) Brandriss is sharing an apartment in Greenwich Village — roomie (?) unknown. Pinkham was seen shooting men for Old Ducks Home. Cole is

singing 'Carols' again after lay-off.

## Archon

Everybody is back from Christmas vacation. Mike Munn is on his way to Korea. John P. Ryan has been initiated to associate membership. Ed Rhodes has a new record player; a Stromberg-Carlson combo with 108 inch T.V. complete with multi-colored tubing. Chan Mciever, Dick Quick and Roger Geeslin came back just before Christmas for a short stay. Robert Hillyer was married just before the holiday season set in. All in all, things are looking up for the new year.

## Your hands on the Future!

When you grip the wheel of an Air Force jet, your hands are on a fast, high flying future that leads to the top in jet aviation.

● Once behind the controls of an Air Force jet, you leave the humdrum of everyday life . . . soar far above the cares of the crowd into a bright new future of adventure and excitement. You're part of a select flying team, playing for the highest stakes of all . . . mastery of the Jet Age! You'll win too, because you've been trained to win. You have confidence in yourself, in your fellows, and in your plane, the fastest and safest flying equipment in the world.

As an Air Force Aviation Cadet, you get in on the ground floor of jet aviation, learn jet flight with the latest equipment and best instructors. You graduate as an Air Force lieutenant earning over \$5,000 a year . . . a man thoroughly prepared for leadership in both military and com-

mercial aviation. Join the many fine young men who keep their hands on the future. Train as an Aviation Cadet!

### You may be eligible

To qualify as an Aviation Cadet, you must be at least a high school graduate. However, you will be of more value to the Air Force if you stay in college, graduate, and then volunteer for training. In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

### ☆ Win an Air Force Commission

☆ Earn over \$5,000 A Year

### HERE'S WHAT YOU DO:

1. Take your high school diploma or certificate of graduation and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination at government expense.
3. Next, you will be given a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet training class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

### WHERE TO GET MORE DETAILS:

Contact your nearest Aviation Cadet Selection Team, Air Force ROTC Unit or Air Force Recruiting Officer. Or write to: Aviation Cadet, Headquarters, U. S. Air Force, Washington 25, D. C.
